## Other Important Information

### Complying with the duty to verify a booking confirmation

Please check all the information contained in this booking confirmation carefully. You are required to notify us of any mistakes it contains immediately and no later than on the date the booking is made. If we do not receive notification until after the booking date it may no longer be possible to make any corrections or changes etc. for the same price and/or the same dates and/or the same routes.

Please note the following points:

1. It is essential that the names of the traveller(s) on the travel documents match the names in the passports/identity cards they are carrying.
2. The travel schedule and confirmed prices are in accordance with those applicable at the time the confirmation is sent. However, please bear in mind that the service providers (airlines, hotels etc.) expressly reserve the right to make changes to the prices, currency exchange rates and flight schedules at any time.
3. All of the prices quoted are only valid at the time a booking is made.
4. Like other travel agencies and airlines, GBT is required by law to provide customs and immigration authorities with the flight and booking details of all passengers.
5. The terms and conditions of the service provider concerned for travel, rebooking and cancellation, and the limitation on liability of the IATA which are accessible at [www.iatatravelcentre.com/tickets](http://www.iatatravelcentre.com/tickets) apply at all times.
6. Flights must be cancelled prior to the specified check-in time since the airlines will not, as a rule, guarantee reimbursement for "no-shows".

Please note that some airlines insist that flight coupons are used in the order they were booked. Boarding a flight late or missing a flight completely for example can lead to cancellation of the entire reservation and/or cause the airlines to impose an additional charge at the standard rate.

### Other important information

Please contact your travel office on 44 2079494820 for any queries quoting your booking reference. Outside of office hours your call will automatically transfer to the emergency service. Thank you.

**Travel to North America – please note that personal data related to your booking may be passed to US and Canadian government authorities for border control and aviation security purposes.**

It is the traveller's responsibility to check any health requirements for all stopover and transit points in an itinerary. GBT advises that you check for the latest health and vaccination information on the following website [www.nathnac.org](http://www.nathnac.org)

### COVID-19 Updates

Click here to access Travel Vitals <https://travelvitals.amexgbt.com> for the latest information and advisories compiled by American Express Global Business Travel.

#### **COVID-19 – Travelling during Covid-19 \*PLEASE READ\***

**As travel begins to return it is important that you check the latest requirements and restrictions, mindful that different countries and companies apply different policies. To assist you in this task American Express Global Business Travel (GBT) have set up a tool known as 'Travel Vitals' that provides the latest advice for both domestic and international travel. The new tool is available on a single website - [Travel VitalsTM](#)**

Travel Vitals should be your go-to site and contains information about immigration restrictions, safety protocols, inflight food and beverage service and other areas. Users get information tailored to their trips by entering their origins, destinations and airlines. The site pulls in data from sources including governments, airports, risk management firms and travel supplies – please note that should you contact the GBT team you may be charged.

**Please note that although this gives consumer facing advice on industry and government announcements it does not substitute your departmental specific guidance and policies so please ensure that you follow all local guidance.**
